To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Halima Cassells. Halima has worked with us through the Leadership Program, creating and maintaining our Mural Club and producing an incredible mural project. Halima worked each week with a small group of students to transform our large and unattractive scanning room into an international airport scene. This mural project spanned six months and covers 10 walls. Halima and her club created a warm and authentic airport entry into our building.

I am extremely pleased and excited with the outcome of the project, and equally impressed with Halima's consistency and professionalism. Halima is a great leader and a wonderful role model. For many of our students at Sheepshead Bay High School, the work with Halima reinforced the importance of hard work and allowed them to experience first hand the pride in a job well done.

It has been a pleasure for both the students and myself to work with Halima, and luckily for us we will enjoy the fruits of her talent everyday we scan into school!

Sincerely,

Reesa Levy  
Principal
